COLOUR CHART

ALUPLAST® - SPECIALIST WINDOW & DOOR SYSTEMS

www.aluplast.com.au

All the advantages of a uPVC window with the natural beauty of wood. This impressive surface is available across the aluplast range of window and door systems.

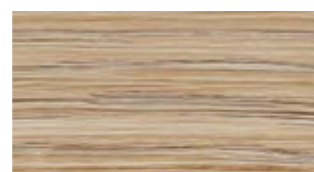

woodec inspired by nature

the base colours

Proven for over 25 years in high UV markets such as the Middle East, our tropical base profile formulation has demonstrated exceptional resistance to solar exposure and colour fading. This tried and tested technology performs just as successfully in Australia and New Zealand, ensuring aluplast windows and doors retain their appearance and performance even in the most demanding climates.
